

## **Healthy Kansas Minute Radio Interview – National Safe Kids Week**

This is the Healthy Kansas Minute. I'm Jan Stegelman with Safe Kids Kansas and this week is National Safe Kids Week.

The keys to keeping children safe include installing smoke and carbon monoxide alarms, making sure children are always properly restrained in the back seat, child-proofing homes to prevent poisoning and suffocation, making sure children wear helmets while participating in wheeled sports, securing all firearms, and always actively supervising children near water.

To learn more, visit [www.kansassafekids.org](http://www.kansassafekids.org). This has been the Healthy Kansas Minute!
